

**TT4-R7615 Thermotool**

**R-7615 Thermotool**

The R-7615 when used with the 1000VA TP2/HE is perfect for the smaller electrical connections and with the pointed electrode tips is good for accessing work in tight areas.

**Technical Specifications**

Electrode: R7107/2  
Electrode Area: 1 15/16" x 5/8"  
Cable CSA: 16mm<sup>2</sup>  
Thermopak: TP2
